# CERTIFICATE OF OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEM

AUDITORES DEL NOROESTE 2000, S.L. certifies that

## DURO FELGUERA GROUP

with Head Office at Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain.

has implemented and maintains an occupational health and safety management system in accordance to the requirements of **ISO 45001:2018 standard**, applicable to the following companies:

DURO FELGUERA, S.A., DURO FELGUERA GREEN TECH, S.A., DF OIL & GAS, S.A., DURO FELGUERA ENERGY STORAGE, S.A., DF MOMPRESA, S.A.U., DURO FELGUERA INTELLIGENT SYSTEMS, S.A., DF OPERACIONES Y MONTAJES, S.A. (DFOM) and DFOM NETHERLANDS B.V.

See scopes in Annex

CERTIFICATE: SGSSL-201013

First issue: April 14, 2021\*

Last Certification: July 31, 2023

Final Validity Date: July 31, 2026

\* Previously certified organization under OHSAS 18001, with ENAC accreditation since July 04, 2014.

CERTIFICATION MANAGER

Auditores del Noroeste 2000, S.L. (with registered address in Parque Tecnológico de Asturias, Centroelena I, 3F, Llanera, Asturias, Spain) is a certification entity accredited by ENAC to certify Occupational Health and Safety Management Systems (accreditation number 38/C-SG054).

This certificate is valid subjected to the general and specific terms and conditions of certification service.

F-15 (Ed: 07).

## CERTIFICATE SGSSL 201013 – ISO 45001

COMPANY	WORKPLACE	SCOPE
DURO FELGUERA, S.A.	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain. Vía de las Dos Castillas, 33. Edificio Ática 7, planta baja. Pozuelo de Alarcón, Madrid, Spain	Development of projects including activities of basic and detailed engineering, equipment and materials procurement, manufacturing management, construction management, commissioning and aftersales service of projects for power plants, oil & gas and their derivatives plants, cranes and mining & handling equipment.
DURO FELGUERA GREEN TECH, S.A.	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain.	Project development including basic and detailed engineering activities, procurement of equipment and materials, management of manufacturing, construction management and commissioning, start-up and after-sales service in renewable energy generation plants (green hydrogen and its derivatives such as ammonia, methanol, and others; photovoltaic plants, wind farms, and other sources, energy recovery).
DF OIL & GAS, S.A.	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain.	Project development including basic and detailed engineering activities, equipment and material procurement, manufacturing management, construction and commissioning management, start-up and after-sales service of equipment for the processes and storage of combustible liquids, gases and liquefied gases, in industrial and hydrocarbon storage plants. Operation and maintenance in industrial plants.
DURO FELGUERA ENERGY STORAGE, S.A	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain Vía de las Dos Castillas, 33. Edificio Ática 7, planta baja. Pozuelo de Alarcón, Madrid. Spain.	Project development including basic and detailed engineering activities, equipment and materials procurement, manufacturing management, construction and commissioning management, start-up and after-sales service of equipment for processes and storage of combustible liquids, gases and liquefied gases in industrial plants and hydrocarbon storage facilities.
DF MOMPRESA, S.A.U.	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain Polígono de Silvota, C/ Peñasanta de Enol, Parcela 73, Llanera, Asturias, Spain.	Engineering, supply and installation of power and industrial plants. Installation, maintenance and revision of turbogenerators, their auxiliary elements and rotating components in general.
DURO FELGUERA INTELLIGENT SYSTEMS, S.A.,	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain C/ Marie Curie 17. Rivas-Vaciamadrid, Madrid. Spain.	Industrial research, technological development and innovation activities for project execution. Design, manufacturing, integration, installation, commissioning, and after-sales service of electrical, electronic and communication systems. Comprehensive logistics solutions for various applications and productive sectors, through automated storage and handling systems. Including basic and detailed engineering, equipment and material procurement, manufacturing management, development programming, construction management, commissioning, and after-sales service of logistics systems
DF OPERACIONES Y MONTAJES, S.A. (DFOM)	Parque Científico Tecnológico de Gijón, C/ Ada Byron, 90, Gijón, Asturias, Spain Polígono Industrial de El Goro, Las Palmas de Gran Canaria. Spain Polígono de Silvota, C/ Peñasanta de Enol, Parcela 74, Llanera, Asturias, Spain.	Commissioning, operation and maintenance of electrical power plants and industrial plants in general. Warehouse and documentation management. Study and development of energy saving projects. Industrial, metalmechanical and electrical assemblies and maintenances. Supply and erection of thermal and acoustic insulation. Auxiliaries structures assemblies (scaffolds). Surface treatments and painting applications on industrial components. Installation and maintenance of fire protection systems.
DFOM NETHERLANDS B.V.	TATA STEEL IJmuiden, Wenckebachstraat 1 Velsen-noord, Netherlands.	Commissioning, operation and maintenance of electrical power plants and industrial plants in general. Study and development of energy saving projects. Industrial, metalmechanical and electrical assemblies and maintenances. Supply and erection of thermal and acoustic insulation. Auxiliaries structures assemblies (scaffolds). Surface treatments and painting applications on industrial components. Installation and maintenance of fire protection systems.
